

How to use eDIS

SpeedPAK to ship

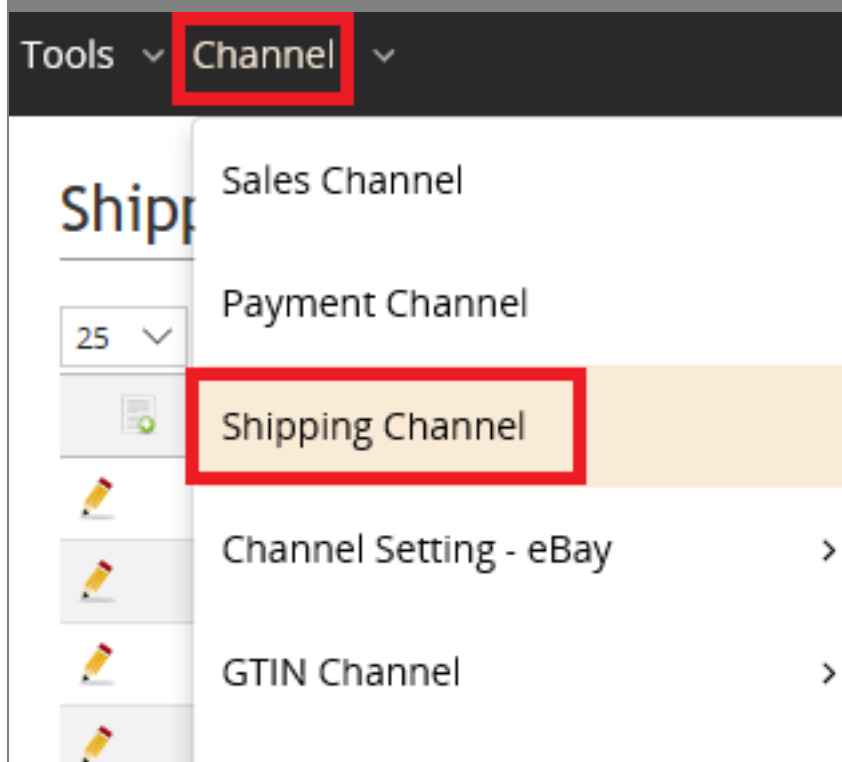

ID: 747 | : | : Thu, Nov 26, 2020 11:48 AM

How to use eDIS SpeedPAK to ship

1. Add the eDIS account
2. Set the default shipping address
3. Set the Package Profile

1. Add the eDIS account

Login SoldEazy and go to **Channel > Shipping Channel**

Click [Add a Shipping Channel](#)

Log in to <https://www.edisebay.com/>

Generate a developer ID and secret, then set order source to "sync with API"

Old interface:

The screenshot shows the eBay eDIS interface. The top navigation bar includes the eBay logo, 'eDIS', '订单管理' (Order Management), and '帮助中心' (Help Center). A left sidebar menu is visible with the following items: '个人中心 ▲', '账户信息', 'ebayID管理', '子帐号管理', '带电资质', '- 揽件异常申诉', '- 数据报表 ▲', '财务信息', '包裹量统计', '数据下载', and '- 开发者管理' (highlighted with an orange box). The main content area is titled '开发者管理' (Developer Management). It contains a form with '开发者ID:' (Developer ID) and 'Secret:' fields, both highlighted with orange boxes. An orange arrow points from the '开发者ID' field to the 'Secret' field. A 'private' label is next to the Developer ID field. Below the Secret field is a link '重置Secret' (Reset Secret). Underneath is the '第三方开发者管理' (Third-party Developer Management) section with a button '授权第三方开发者ID' (Authorize third-party developer ID).

The screenshot shows the eBay eDIS interface. The top navigation bar includes the eBay logo, 'eDIS', '订单管理' (Order Management), and '帮助中心' (Help Center). A left sidebar menu is visible with the following items: '- 习惯偏好 ▲', '地址管理', 'SKU预设', '打印偏好', '交运偏好设置', '物流偏好设置', and '订单来源' (highlighted with an orange box). The main content area is titled '订单来源预设 (必填)' (Order Source Preference (Required)). It includes a note: '注: 所有偏好设置均在再次登陆后生效' (Note: All preference settings take effect after logging in again). Below this is the text '交易将通过以下方式加载至系统:' (Transactions will be loaded to the system in the following way:). There are two radio button options: '系统自动导入' (System automatic import) and '用户通过API同步' (User sync via API). The '用户通过API同步' option is selected and highlighted with an orange box. An orange arrow points from the '系统自动导入' option to the '用户通过API同步' option. Below the options is a blue '保存' (Save) button.

new interface

2. Set the default shipping address

After the success of adding eDIS account, please go back to **Shipping** Channel page.

Then, click the gear button which is right side the added eDIS account and choose the default **eDIS shipping address**
