1. PayPal

1) PayPal

https://developer.paypal.com " Log into Dashboard "

The screenshot shows the PayPal Developer website. At the top, there is a navigation bar with links for "Docs", "APIs", and "Support", along with a search bar. A red arrow points to a "Log into Dashboard" button in the top right corner. Below the navigation bar, the main content area features a blue header with the text "Explore our payment products and solutions". Underneath, there is a grid of six product cards: "Checkout", "PayPal Commerce Platform", "Subscriptions", "Payouts", "Invoicing", and "Accept card payments". Each card includes a brief description of the service. At the bottom of the page, there is a section titled "Get the Smart Payment Buttons code" with logos for PayPal, PayPal CREDIT, VISA, Mastercard, AMEX, and DISCOVER. A vertical "FEEDBACK" button is visible on the right side of the page.

2) REST API app

REST API app " My Apps & Credentials " REST API apps " Create App "

The screenshot shows the PayPal Developer dashboard. The left sidebar contains a navigation menu with 'My Apps & Credentials' highlighted. The main content area is titled 'REST API apps' and includes a 'Create App' button. A note indicates that features for live transactions are listed in the account eligibility page.

REST API app "Create app" ("Sandbox developer account", PayPal e-mail "REST API app")

The screenshot shows the 'Create New App' form. The 'App Name' field is filled with 'SoldEazy app'. The 'Sandbox developer account' field is partially filled with a masked email address, and a red arrow points to it with the text 'Do not touch'. The 'Create App' button is visible at the bottom.

"Create App" (REST API app).
